
IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Broadcom Corporation, the actual owner: Jason
FAN, et al.

Art Unit: 2141

Serial No.: 09/863,318 **Withdrawal From Issue**

Examiner: Kenneth R. Coulter

Filed: May 24, 2001

Allowance Date: August 7, 2007

Title: METHOD AND APPARATUS OF INTER-
CHIP BUS SHARED BY MESSAGE PASSING
AND MEMORY ACCESS

Attorney Docket No.: 4172P

PETITION TO WITHDRAW FROM ISSUE UNDER 37 CFR §1.313

MAIL STOP PETITIONS

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Dear Sir:

This is a Petition To Withdraw From Issue under 37 CFR 1.313(b)(1). The basis for this petition is due to entry of incorrect assignee being listed in the Assignments On The WEB (AOTW) chain of title abstract (copy attached), as well as incorrectly noted on the Issue Fee Transmittal PTOL 85(b) at the time of payment. The assignment records and database also reflects the patent owner to be that of Adtran, Inc., when in actuality it is Broadcom Corporation. Although no chain of title or assignee documents from Broadcom to Luminous exist, the USPTO Assignment Division improperly entered the assignment of the present application to Luminous Networks, Inc., who in turn assigned the application to Adtran, Inc.

The undersigned on behalf of Broadcom Corporation, the actual owner wants the record to be corrected by restoring the proper assignment as well as providing a new Issue Fee Transmittal PTOL-85(b). In addition, Adtran, Inc., erroneously executed a Revocation and Power of Attorney document, believing it belonged to their case, when in fact the patent application is still owned by Broadcom Corporation. This Revocation and Power of Attorney document was accepted, entered and made of record, also in error on behalf of the office.

The undersigned on behalf of Broadcom Corporation, the actual owner file concurrently herewith a petition to correct the assignment record and revert the Assignee to that of Broadcom Corporation, Assignment 2, Reel/Frame 015571/0985, Recorded January 7, 2005, Conveyance (Merger), Executed May 26, 2004.

Furthermore, the undersigned requests that the Power of Attorney be reverted back to Squires Sanders & Dempsey LLP, Customer Number 32294, and as stated in the Power of Attorney as filed May 24, 2001. The Power of Attorney in this application was never revoked by Broadcom Corporation.

In view of the above, the undersigned requests that the Petition to Withdraw from Issue be granted and the examination of the application be advanced once again to allowance by way of restarting the clock and issuing a new Notice of Allowance. The appropriate petition fee under 37 CFR 1.17(h) is submitted herewith.

The undersigned requests that the petition be entered and granted and an immediate notice of allowance be mailed.

Should the office need to contact the undersigned for questions regarding the present application, please do so at (650) 475-1435.

Respectfully Submitted,

/JOSEPH A. SAWYER, JR./

REQUEST TO CORRECT ASSIGNEE RECORD

MAIL STOP ASSIGNMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The basis for this petition is due to entry of incorrect assignee in the Assignments On The Web (AOTW) database. The assignment records and database also reflects the patent owner to be that of Adtran, Inc., when in actuality it is Broadcom Corporation. Although no chain of title or assignee documents from Broadcom to Luminous exist, the USPTO Assignment Division improperly assigned the present application to Luminous Networks, Inc., who in turn assigned the application to Adtran, Inc.

Broadcom Corporation, the actual owner would like to remedy the record by correcting the file wrapper. Therefore, it is believed that the current record is improper. In addition, the present case is still owned by Broadcom Corporation. The assignment document from Luminous Networks, Inc. to Adtran, Inc., Reel/Frame 018384/0334, Recorded October 3, 2006, was accepted, entered and made of record, in error on behalf of the office, when no chain of title exists from Broadcom Corporation to Luminous Networks, Inc.

Broadcom Corporation, the actual owner request herewith correction of the assignment record and reversion of the Assignee to that of Broadcom Corporation, Assignment 2,

Reel/Frame 015571/0985, Recorded January 7, 2005, Conveyance (Merger), Executed May 26, 2004. A copy of the Patent Assignment Abstract of Title is submitted herewith.

In view of the above, Applicant requests immediate correction. Should the office need to contact the undersigned for questions regarding the present application, please do so at (650) 475-1435.

Respectfully Submitted,

/JOSEPH A. SAWYER, JR./
